It would appear based on responses that Tuesday at 8 -9am at the school works for most. I have not heard from Kendall & Carla yet. Please set this time aside. **Agenda:** 1) Josh Pudelko will be discussing questions raised by Thistle's at our walk through. 2) Updated list of work performed recently by Regency Hills to Village Green 3) Discuss & handout exhibits of Hwy 57 ditch re-work & swale along the Thistle property 4) Suggestions from Josh for additional measures that can be taken to divert water away from the Thistle west property boundary.
