Subject: Information

Dear Mr. Gassert

During the last regular scheduled board meeting (12-Sep-2011), I made a request for 2 separate pieces of information pertaining to the payment of monthly invoices, and the hiring of personnel. Both items were on the agenda, and required board approval in order to execute. As of today, I have not received this information.

I realize that the new school year has probably keep you busy and this may have been overlooked or forgotten.

Specifically;

There were 4 invoices for Godfrey and Kahn, totaling \$20,683.33. I requested a copy of the invoices and an explanation of services.

There was the hiring of 9 various positions within the district. I requested a costing of these positions, salary/benefits.

If this request poses any sort of problem, please let me know immediately, and I can address the issue.

Thank you
Kendall Thistle
NOSD Board member, Town of Fredonia

There does not appear to be any filtering taking place here - Joe just wants to look at the information before it is sent to Kendall or any Board member.

Not a bad thing for the person running the district to know what is disseminated.

Paul/Stacie:

You are going to want to see this one. Jill forwarded it to me. This is the "filtering" I'm talking about. I'm curious to get your thoughts on this.

Thank you,

Jason

Jill,

Have these been sent to Kendall? If not, please wait for my okay, and don't send anything to any board member without my review first.

Thanks.

Ok.

So you don't think it has anything to do with the personnel budget? The Godfrey & Kahn invoices are not detailed at all. They're very basic/broad. The only detailed item in Kendall's request is the personnel budget, and I really think that is what Walter's concern is about. In the past, I was told not to distribute that document to Board members, so I really think that is what Walter is referring to. Maybe it will become more obvious at some point.

Thank you,

Jason

I think Walter is concerned about the level of detail requested because we anticipate that Kendall is going to use the legal invoices in the lawsuit that we have against him.

So Walter is worried about what Kendall is up to in regards to the lawsuit.

Stacie/Paul:

How about the message below? Walter's response indicates that he is concerned with the "level of detail" requested. In other words, he does not want to send the entire personnel budget that I've prepared because it might give the Board too much information. Remember, we've been told to LIMIT

the amount of information we give to the Board....

Thank you,

Jason

Joe,

We can easily pull the legal invoices and provide Kendall with the personnel budget spreadsheet. I somewhat concerned about the level of detail requested, but its your call.
